
BC REGION STRUCTURE (Phase 1 – BC Only)

Defined Regions:

1.  Lower Mainland / Fraser Valley (to Squamish, Kamloops edge)
2.  Vancouver Island
3.  Okanagan
4.  Kootenays
5.  Northern BC

Each store belongs to one region.

Each creator has:

JSON

```
{
  "regions_covered": [],
  "unique_stores_reviewed": 0,
  "repeat_visits_logged": 0,
  "culture_posts_count": 0,
  "store_review_count": 0
}
```

NEW BADGE SYSTEM (GEOGRAPHY-FIRST MODEL)

We are shifting from volume-based to **coverage-based** progression.

1 EXPLORER

Entry Tier

Requirements:

- 1 store review
- 1 culture post
- Account verified

Purpose:

Onboard and encourage.

2 LOCAL SCOUT

Focus: Regional grounding

Requirements:

- 5 unique store reviews
- Minimum 3 different stores
- At least 3 culture posts
- All within 1 region
- Quality average ≥ 0.9 multiplier

This builds local density.

3 REGIONAL BUILDER

Focus: Store diversity within a region

Requirements:

- 12 unique store reviews
- Minimum 8 different stores
- 8 culture posts
- At least 1 repeat visit logged to 2 different stores
- Still within 1 region
- Quality ≥ 1.0 average

This encourages:

Depth + early repeat visits (but not spam).

**4**

CROSS-REGION CONTRIBUTOR

Focus: Geographic expansion

Requirements:

- 18 unique store reviews
- Minimum 12 different stores
- Coverage across 2 regions
- 15 culture posts
- At least 3 repeat visits across 3 different stores
- Quality ≥ 1.05 average

This forces exploration beyond one region.

**5**

PROVINCIAL CONNECTOR

Focus: Wide BC coverage

Requirements:

- 30 unique store reviews
- Minimum 20 different stores
- Coverage across 3 regions
- 25 culture posts
- At least 5 repeat visits across 5 different stores
- Quality ≥ 1.1 average
- No more than 20% of reviews from a single store

This is where single-store farming stops working.

**6**

BC CULTURE GUIDE

Top Tier (BC Phase)

Requirements:

- 45 unique store reviews
- Minimum 30 different stores
- Coverage across 4 regions
- 40 culture posts

- At least 8 repeat visits across 8 different stores
- At least 3 stores revisited in different seasons
- Quality ≥ 1.15 average
- No more than 15% of reviews from one store

This ensures:

Breadth + depth + storytelling.

7 FOUNDING BC ARCHITECT **(Optional Elite Tier)**

Purpose:

Recognize early heavy contributors.

Requirements:

- 60 unique store reviews
- Minimum 40 different stores
- Coverage across all 5 regions
- 60 culture posts
- At least 12 repeat visits across 10 different stores
- At least 1 store revisited in 3 different time periods
- Quality ≥ 1.2 average
- No single store > 12% of total reviews

This becomes aspirational and rare.

REPEAT VISIT STRUCTURE **(Important)**

Repeat visits only count if:

- 30+ days apart
- Includes operational update OR
- Includes layout / seasonal / staffing change note

Otherwise:

Minimal points granted.

REPETITION DEFLECTION RULE

Diminishing returns:

Reviewing same store multiple times:

Visit #	Point Multiplier
1st	1.0
2nd	0.8
3rd	0.6
4th+	0.4

Unless:

Marked as "Significant Change Visit."

This prevents gaming.

REGION INCENTIVE BOOST

Because Okanagan has ~24 stores:

To avoid imbalance:

Smaller regions (Northern BC, Kootenays) get:

+10% geo weight bonus on first 5 store reviews in that region.

Encourages harder travel.

QUALITY FLOOR RULE

If creator average quality < 0.9:

Badge progression pauses.

If < 0.8:

Points still accrue but no badge advancement.

Prevents volume-over-quality farming.

WHY THIS SYSTEM FITS YOUR REALITY

Given:

- 10–12 stores on Island
- ~24 Okanagan
- 12–20 spread across other regions

This structure:

- Makes Island saturation achievable but not farmable
 - Makes Okanagan exploration valuable
 - Incentivizes Northern BC travel
 - Encourages repeat visits intelligently
 - Encourages culture content alongside reviews
 - Makes top badges require real geographic spread
-

STRATEGIC RESULT

Stores are motivated by:

- Review activity
- Fresh revisits
- Seasonal updates
- Cross-region contributors

Platform health is supported by:

- Culture density
 - Geographic expansion
 - Travel content
 - Community building
-

Future Scalability

When expanding beyond BC:

Add:

"National Guide"

"Western Canada Connector"

"Canada Architect"

Using same coverage logic.

Excellent.

This is where you create **status scarcity + historical prestige**.

Early adopter badges should:

- Be time-bound
- Be contributor-count bound
- Be region-specific
- Never reissued once closed
- Not tied to volume spam
- Not replace rank badges
- Not dominate the UI

We'll structure them in tiers:

1. 🧱 Ultra-Exclusive (Founding Tier)
2. 🌟 First 50–100 (Regional Pioneer Tier)
3. 🚀 First 250–500 (Early Builder Tier)
4. 🏷️ Region-Specific Early Marks

All of these are **immutable legacy badges**.

🧱 ULTRA-EXCLUSIVE FOUNDING BADGES

(Very Rare — Permanent Status)

These should be extremely limited.

🏆 Founding 25 – British Columbia

Awarded to:

- First 25 contributors province-wide
- Minimum 5 approved store reviews
- Minimum 3 culture posts
- Quality ≥ 1.0
- No strikes

This is your ultra-rare badge.

Never reissued.

Shows “Founding Member” tooltip with join year.

Founding Regional Architect (Top 10 per Region)

For each region (5 total regions):

- First 10 contributors in that region
- At least 3 unique store reviews in that region
- At least 2 culture posts in that region

Total possible:

50 badges province-wide.

Scarcity drives prestige.

REGIONAL PIONEER BADGES

(First 50 Contributors Per Region)

Each region gets:

Island Pioneer

Okanagan Pioneer

Lower Mainland Pioneer

Kootenay Pioneer

Northern BC Pioneer

Criteria:

- Among first 50 approved contributors in region
- At least 3 unique store reviews
- At least 2 culture posts
- Quality ≥ 0.95

These are region-specific identity markers.

EARLY BUILDER BADGES

(First 250 Province-Wide)

Early Builder – BC

Awarded to:

- First 250 contributors province-wide
- At least 8 store reviews
- 5 culture posts
- Quality ≥ 1.0

More accessible, still finite.

First 500 Contributors – BC

Slightly wider tier:

- First 500 approved accounts
- At least 3 store reviews
- 2 culture posts

Encourages early signups.

CITY-LEVEL MICRO BADGES (Optional)

Because some regions are small:

City Founder – [City Name]

Awarded to:

- First 5 contributors to document a store in that city
- At least 2 store reviews in that city

This creates hyper-local pride.

TIME-BOUND BADGES

You can also create:

2025 Founding Contributor

Awarded to:

- Joined in first platform year
- Minimum 5 store reviews
- 3 culture posts

Closes permanently after Year 1.

BADGE STRUCTURE RULES

To maintain prestige:

- Early badges cannot be earned after cap is reached.
 - Badge cap counts only approved contributors (not signups).
 - Contributors must meet minimum activity threshold within 90 days of joining to retain eligibility.
 - If minimum not met, spot passes to next qualifying contributor.
-

REGION DISTRIBUTION LOGIC

Because Okanagan has higher density:

You may want:

- 75 Pioneer badges in Okanagan
- 50 in Lower Mainland
- 40 on Island
- 30 in Kootenays
- 20 in Northern BC

OR

Keep uniform caps for fairness.

Strategic choice:

Uniform caps = fairness.

Density-weighted caps = realism.

I recommend uniform for prestige clarity.

DISPLAY STRATEGY

On profile:

Primary Rank Badge

Early Adoption Badge (if applicable)

Up to 3 Sub-Badges visible

Early badges should have:

- Special border styling
 - “Founding” label
 - Tooltip explaining rarity
-

WHY THIS IS POWERFUL

Early adopters:

- Feel ownership
- Become evangelists
- Stay long term
- Compete regionally
- Drive density early

Stores see:

“Founding BC Contributor reviewed this location”

That builds perceived legitimacy.

IMPORTANT GUARDRAILS

To prevent badge farming:

- Early badge eligibility requires quality $\geq$ threshold
 - No more than 40% of activity from single store
 - Minimum geographic diversity (even if 2 stores)
 - Account must remain active 30 days
-

ULTRA-RARE IDEA (Optional)

Zero to One

Awarded to:

The single contributor who documents the very first store in a region.

Only 5 possible.

Permanent legendary badge.
